Tuition Fees

Tuition fees are based on the visa subclass. Once the visa grant notice has been received, an assessment can be made on the student's fee liability.

Once the application and tuition fees (if applicable) have been received, the parents will be issued with an Authority to Enrol. The Authority to Enrol can be used for a guaranteed enrolment at the Tasmanian Government School in the intake area.

In addition to tuition fees, all students are required to pay school levies directly to the school.

Privacy Notice

The enrolment forms collect personal information from you to process your child's application for enrolment. Personal information will be managed in accordance with the requirements of the Personal Information Protection Act 2004. It will be used by the Department of Education for student administration and for the planning, provision and reporting of educational programs as authorised by the Education Act 2016 and related State and Commonwealth legislation. It may be disclosed to health practitioners to support student health and safety requirements, and may also be disclosed to government and other agencies where authorised by law. We may not be able to provide some services if the information is not provided.

Refund Policy

If a student is granted a fee exempt type of visa during their enrolment, tuition fees will be charged on a pro-rata basis for the period prior to the change to the visa subclass.
